Brief on the business concept			
Today we all are facing problems of huge climatic changes and increasing global warming which is creating a huge health issues inside every people , so we want to reduce this pollution and only solution to reduce this problem is planting at large scale. But people of today are having a very busy schedule due to which they can't go out and plant a tree. If someone will take few minutes to pot a plant then the question arises. Who will go to buy the plants and pot? How they will bring that pot and plants to homes as they are tough to carry because they can get damage. Who will take care of this plants ? As different kinds of plants require different type of care , different type of environment condition , different time duration of sunlight , different quantity of water as well E-PLATFORM Pot a Plant E-Platform provide space for buying and selling plants , pots ,fertilizers , pesticides and other gardening tools. MULTI-VENDOR PLATFORM MVP provide a platform to take small or sub vendors to e platform where they can sell there product and meet the demand of the customer . Here by self they can manage there product on the application as each sub vendor will have the access to the application. SUBSCRIPTION PLAN It provide all plant care solution on a routine basics . When you will have a subscription plan our professional gardener will visit your place for routine check up and will provide instruction for your plant and also provide plant care guide to the customer to develop there knowledge . Gifting Franchise Model To promote plant as a gift item we want to franchise gift stores where unique like anniversary gift , birthday gift , valentine gift and all type of customizable gifting plants will be there to gift them to your loved ones. And it will available on offline and online mode as well. Pocket Money Model In this model any one can sell there unique items on our platform and we charge on boarding commission on it.
