Registered name of startup	PlantNest Tech Private Limited	Startup Logo	Yes
Mobile No.	9235775151	Stage	Early Traction
Brief on the business concept			
PlantNest Tech Private Limited is a greentech startup focused on making indoor plant ownership simple, reliable, and accessible for homes, offices, and corporates across India. While interest in green living is growing rapidly, many people struggle to maintain plants due to lack of time, knowledge, and access to healthy, ready-to-use plant solutions. PlantNest bridges this gap by combining quality plants, smart products, and technology-driven services. The company offers nursery-grown indoor plants in innovative self-watering pots that significantly reduce daily care requirements. Its "Open & Place" plant kits are designed for convenience, allowing customers to place plants instantly without setup or maintenance stress. Plants are sourced directly from PlantNest's own farm in Bhimtal and trusted nurseries in Pune, ensuring freshness, quality, and better pricing. Beyond products, PlantNest provides curated home and corporate plant décor, green gifting solutions, and bulk B2B supplies. A key pillar of the business is Maali Mitra, a tech-enabled gardening and plant care service offering on-demand visits and subscription-based maintenance, ensuring long-term plant health for customers. With digital ordering through WhatsApp, website, and social platforms, PlantNest is building a scalable, pan-India green living ecosystem. Its vision is to become a leading tech-enabled green services company, promoting sustainable lifestyles while delivering consistent value to customers and partners.			
Innovation Model		Service Innovation	
Explain Innovation Model			
PlantNest is currently innovating in: ? Self-watering Pot System Design - Developing improved water-flow mechanisms to extend plant life and reduce customer effort. ? Ready-to-Keep Plant Packaging - Designing shockproof, eco-friendly packaging that allows plants to be delivered safely anywhere in India. ? Service Market Place for Gardening Service ? Digital Plant Advisory (Upcoming) - Building a digital guide and plant-care assistant for customers based on plant type, climate, and care routines. ? Corporate Green Workspace Solutions - Creating subscription-based monthly plant maintenance and replacement plans for offices
