

Students Serving the Adopted Village under the ‘Campus to Community – 2026’ Initiative

The fourth day of the NSS camp was extremely special and inspiring. Today, all the volunteers came together to prepare food collectively. This activity further strengthened the sense of unity and mutual bonding among the volunteers.

The special highlight of today’s camp was the gracious presence of our esteemed guests. Dr. Nalini Misra (Coordinator, NSS), Dr. Ram Das (Programme Officer, NSS), and Dr. Rajkumar Singh (Assistant Professor) shared a meal with the volunteers and guided them with warmth and encouragement.

Dr. Nalini Misra motivated the volunteers by emphasizing that the NSS camp can bring about a positive transformation in their lives. She explained that it provides an important platform for developing personality, leadership skills, social sensitivity, and a spirit of service.

In his address, Dr. Ram Das stated that through the NSS camp, our objective is to realize the Hon’ble Vice-Chancellor’s motto, “Campus to Community.” He encouraged the volunteers to step beyond the boundaries of the campus and extend their services to every section of society.

On this occasion, Dr. Rajkumar Singh also mentioned that, as per the directions of the Hon’ble Governor, a report can be prepared to focus on the health, education, and proper care of children.

The inspiring thoughts of the guests infused the volunteers with renewed energy and a spirit of dedication towards service. This day of the camp will remain memorable for everyone.
