Programme Outcomes

The Programme aims to:

- Prepare students for both academia and employability.
- Equip the students with translation and interpretation skills with a purpose to train them for discharging duties as language experts in both public and private sectors.
- Provide a focused, outcome-based education with an agenda to structure the teaching-learning experiences in a more student-centric manner.
- ☆ Offer all three major components of Persian: Language, Literature and Culture
- Impart values related to well- being, emotional stability, critical thinking, social justice and also skills for employability.
- Enable effective participation of young people in knowledge production and participation in the knowledge economy, improving national competitiveness in a globalized world
- Equipping young people with skills relevant for global and national standards and enhancing the opportunities or social mobility.
- Equip the students with the linguistic, language and literary skills for meeting the growing demand of this discipline and promoting skill based education.
- Facilitate self-discovery in the students and ensure their enthusiastic and effective participation in responding to the needs and challenges of society.
- For imparting language skills especially, there are units for imparting education in functional language through language teaching modes, like practical classes in language labs and holding spoken language symposiums and interpretation sessions.
- Persian language and literature has one of the richest collections of the works produced on humanism and Sufism etc. So, along with academic excellence, present course is thus designed to inculcate a student with the sense of human values for the benefit of the society and the nation
- Considering that a large number of land records in India are still in Persian language, the course in Persian has been specifically designed to train a student to decipher classical Persian texts
